SUBJECT INDEX

16S rRNA gene, Identification of the causative agent of granulocytic ehrlichiosis in Swedish dogs and horses by direct solid phase sequencing of PCR products from the, 109
^{99M}Tc-DTPA and iohexol, Estimation of glomerular filtration rate in dogs with, 138

Acanthomatous epulis, A cell line (MCA-B1) derived from a canine oral, 101
Acquired resistance against *Schistosoma bovis* after single or repeated low-level primary infections in goats, 42
Acute effects of continuous infusions of human recombinant interleukin-2 on serum thyroid hormone concentrations in dogs, 96
Adrenal gland and cortisol secretion, Effects of *Trypanosoma congolense* on pituitary and adrenocortical function in sheep: changes in the, 174
Adrenocortical function in sheep: changes in the adrenal gland and cortisol secretion, Effects of *Trypanosoma congolense* on pituitary and, 174
Adrenocorticol function in sheep: responses to exogenous corticotrophin-releasing hormone, Effects of *Trypanosoma congolense* on pituitary and, 180
Aflatoxicosis in hens and broiler chickens, Changes in the prothrombin time, haematology and serum proteins during experimental, 119
Alpha-toxin and capsular exopolysaccharide on the adherence of *Staphylococcus aureus* to cultured teat, ductal and secretory mammary epithelial cells, Effect of, 20
Amikacin and oxytetracycline and their interactions with food in in vitro simulated equine gastrointestinal contents, Stability of penicillin G, ampicillin, 227
Aminosidine in dogs separately and together: implications for therapy of leishmaniasis, Disposition of antimony and, 123
Ampicillin, amikacin and oxytetracycline and their interactions with food in in vitro simulated equine gastrointestinal contents, Stability of penicillin G, 228
Anatomical consequences of partial beak amputation (beak trimming) in turkeys, 158
Anovulation in pasture-fed dairy cows after calving, Patterns of follicular development during periods of, 212
Antimony and aminosidine in dogs separately and together: implications for therapy of leishmaniasis, Disposition of, 123
Apparent rarity of diminazene-resistant trypanosomes in goats infected with a diminazene-resistant population of *Trypanosoma congolense*, 113

Babesia bovis, Experimental studies of the rate of infection of *Boophilus microplus* eggs with, 284
Baquiloprim in dwarf goats, Oral bioavailability and pharmacokinetics of, 268
BCG vaccination in protecting possums against bovine tuberculosis, Effectiveness of, 90
Beak amputation (beak trimming) in turkeys, Anatomical consequences of partial, 158
Boophilus microplus eggs with *Babesia bovis*, Experimental studies of the rate of infection of, 284
Breath hydrogen test and the sulphasalazine/sulphapyridine method in healthy beagle dogs, A comparison of orocaecal transit times assessed by the, 263
Bromide by dogs, Effect of dietary chloride content on the elimination of, 252
Bromide in dogs after the intravenous and oral administration of single doses, Pharmacokinetic properties of, 248

Cell line (MCA-B1) derived from a canine oral acanthomatous epulis, A, 101
Cell line (MCM-B2) from a benign mixed tumour of canine mammary gland, Establishment of a, 272
Changes in the prothrombin time, haematology and serum proteins during experimental aflatoxicosis in hens and broiler chickens, 119
Characterisation and antimicrobial susceptibility of *Enterococcus* species from the intestines of ducks in Assam, 288
Characterisation of a new *Pasteurella haemolytica* serotype (A17), 98
Chloride content on the elimination of bromide by dogs, Effect of dietary, 252
Chylomicron clearance in dogs, Use of oral and intravenous fat tolerance tests to assess plasma, 256
Clonidine in dogs with Cushing's syndrome, Growth hormone responses to growth hormone-releasing hormone and, 169
Comparison of orocaecal transit times assessed by the breath hydrogen test and the sulphasalazine/sulphapyridine method in healthy beagle dogs, A, 263
Comparison of the mast cell and eosinophil responses of sheep and goats to gastrointestinal nematode infections, A, 5
Complement-fixation, enzyme-linked immunosorbent assay as an aid in the serological investigation of enzootic abortion in ewes, A, 193
Corticotrophin-releasing hormone, Effects of *Trypanosoma congolense* on pituitary and adrenocortical function in sheep: responses to exogenous, 180
Cortisol secretion, Effects of *Trypanosoma congolense* on pituitary and adrenocortical function in sheep: changes in the adrenal gland and, 174
Cowdria ruminantium, Immunisation of sheep against heartwater with inactivated, 46
Cushing's syndrome, Growth hormone responses to growth hormone-releasing hormone and clonidine in dogs with, 169

D-glucose transport and glycolytic enzyme activities in erythrocytes of dogs, pigs, cats, horses, cattle and sheep, 195
Dermatitis in dogs, Tissue immunoglobin G subclasses observed in immune-mediated dermatopathy, deep pyoderma and hypersensitivity, 82
Dermatopathy, deep pyoderma and hypersensitivity dermatitis in dogs, Tissue immunoglobin G subclasses observed in, 82
Detection of rabbit haemorrhagic disease virus isolates and sequence comparison of the N-terminus of the capsid protein gene by the polymerase chain reaction, 128
Detergent scrub technique for the quantitative culture of *Malassezia pachydermatis* from canine skin, Evaluation of a, 133
Development of a competitive ELISA for detecting antibodies to the peste des petits ruminants virus using a recombinant nucleoprotein, 50
Development of a dot-enzyme immunoassay for the detection of circulating antigen in cattle infected with *Taenia saginata* cysticerci, 99
Digoxin in normal dogs, Effect of ingesta and of tablets of different strengths on the systemic availability of, 203
Diminazene-resistant trypanosomes in goats infected with a diminazene-resistant population of *Trypanosoma congolense*, Apparent rarity of, 113
Disposition of antimony and aminosidine in dogs separately and together: implications for therapy of leishmaniasis, 123
DNA flow cytometry of canine mammary tumours: the relationship of DNA ploidy and S-phase fraction to clinical and histological features, 238

Echinococcus granulosus infection in sheep, Maternal transfer of protection from, 197

Effect of a recent injection of purified protein derivative on diagnostic tests for tuberculosis in cattle infected with *Mycobacterium bovis*, 217
Effect of alpha-toxin and capsular exopolysaccharide on the adherence of *Staphylococcus aureus* to cultured teat, ductal and secretory mammary epithelial cells, 20
Effect of dietary chloride content on the elimination of bromide by dogs, 252
Effect of flunixin meglumin on the thresholds to mechanical stimulation in healthy and lame sheep, 61
Effect of ingesta and of tablets of different strengths on the systemic availability of digoxin in normal dogs, 203
Effect of phenytoin on skeletal muscle from quarter horses with hyperkalaemic periodic paralysis, 206
Effectiveness of BCG vaccination in protecting possums against bovine tuberculosis, 90
Effects of *Trypanosoma congolense* on pituitary and adrenocortical function in sheep: changes in the adrenal gland and cortisol secretion, 174
Effects of *Trypanosoma congolense* on pituitary and adrenocortical function in sheep: responses to exogenous corticotrophin-releasing hormone, 180
Ehrlichiosis in Swedish dogs and horses by direct solid phase sequencing of PCR products from the 16S rRNA gene, Identification of the causative agent of granulocytic, 109
Electrocardiography in anaesthetised red-eared sliders (*Trachemys scripta elegans*), 67
Encephalomyelitis in sheep in Spain: a new member of the tick-borne encephalitis group, The virus causing, 11
Endometritis caused by *Streptococcus zooepidemicus*, Immunisation of mares to control, 75
Enterococcus species from the intestines of ducks in Assam, Characterisation and antimicrobial susceptibility of, 288
Enzootic abortion in ewes, A complement-fixation, enzyme-linked immunoassorbent assay as an aid in the serological investigation of, 193
Establishment of a cell line (MCM-B2) from a benign mixed tumour of canine mammary gland, 273
Estimation of glomerular filtration rate in dogs with ^{99M}Tc-DTPA and iohexol, 138
Evaluation of a detergent scrub technique for the quantitative culture of *Malassezia pachydermatis* from canine skin, 133
Exopolysaccharide on the adherence of *Staphylococcus aureus* to cultured teat, ductal and secretory mammary epithelial cells, Effect of alpha-toxin and capsular, 20
Experimental studies of the rate of infection of *Boophilus microplus* eggs with *Babesia bovis*, 284

Fasciola hepatica to adult cattle, A novel method for the administration of metacercariae of, 290
Fenbendazole and oxfendazole in sheep, Influence of the antithyroid compound methimazole on the plasma disposition of, 222
Flunixin meglumin on the thresholds to mechanical stimulation in healthy and lame sheep, Effect of, 61
Follicular development during periods of anovulation in pasture-fed dairy cows after calving, Patterns of, 212
Footrot, Grading the lesions of ovine, 26

Gastrointestinal nematode infections, A comparison of the mast cell and eosinophil responses of sheep and goats to, 5
Glomerular filtration rate in dogs with ^{99M}Tc-DTPA and iohexol, Estimation of, 138
Glycolytic enzyme activities in erythrocytes of dogs, pigs, cats, horses, cattle and sheep, D-glucose transport and, 195
Grading the lesions of ovine footrot, 26
Growth hormone responses to growth hormone-releasing hormone and clonidine in dogs with Cushing's syndrome, 169
Guidelines for the presentation of numerical tables, 1

Haemonchosis in Hampshire down lambs, Influence of supplementation with dietary soyabean meal on resistance to, 232
Heartwater with inactivated *Cowdria ruminantium*, Immunisation of sheep against, 46
Hyperkalaemic periodic paralysis, Effect of phenytoin on skeletal muscle from quarter horses with, 206

Identification of the causative agent of granulocytic ehrlichiosis in Swedish dogs and horses by direct solid phase sequencing of PCR products from the 16S rRNA gene, 109
Immunisation of mares to control endometritis caused by *Streptococcus zooepidemicus*, 75
Immunisation of sheep against heartwater with inactivated *Cowdria ruminantium*, 46
Immunoglobin G subclasses observed in immune-mediated dermatopathy, deep pyoderma and hypersensitivity dermatitis in dogs, Tissue, 82
In vitro studies with lymphocytes from sheep orally inoculated with an aromatic-dependant mutant of *Salmonella typhimurium*, 152
Influence of route of administration on the plasma concentrations of ivermectin in reindeer, 286
Influence of supplementation with dietary soyabean meal on resistance to haemonchosis in Hampshire down lambs, 232
Influence of the antithyroid compound methimazole on the plasma disposition of fenbendazole and oxfendazole in sheep, 222
Interferon induction in swine lymphocyte antigen-defined miniature pigs, 282
Interleukin-2 on serum thyroid hormone concentrations in dogs, Acute effects of continuous infusions of human recombinant, 96
Investigations of platelet aggregation and platelet counts from stored canine whole blood, 190
Iohexol, Estimation of glomerular filtration rate in dogs with ^{99M}Tc-DTPA and, 138
Ivermectin in reindeer, Influence of route of administration on the plasma concentrations of, 286

Leishmaniasis, Disposition of antimony and aminosidine in dogs separately and together: implications for therapy of, 123

Malassezia pachydermatis from canine skin, Evaluation of a detergent scrub technique for the quantitative culture of, 133
Mammary gland, Establishment of a cell line (MCM-B2) from a benign mixed tumour of canine, 272
Mammary tumours: the relationship of DNA ploidy and S-phase fraction to clinical and histological features, DNA flow cytometry of canine, 238
Maternal transfer of protection from *Echinococcus granulosus* infection in sheep, 197
MCA-B1 derived from a canine oral acanthomatous epulis, A cell line, 101
MCM-B2 from a benign mixed tumour of canine mammary gland, Establishment of a cell line, 272
Meningitis-arteritis in dogs, Neuroimmunological studies in steroid-responsive, 103
Methimazole on the plasma disposition of fenbendazole and oxfendazole in sheep, Influence of the antithyroid compound, 222
Mycobacterium bovis, Effect of a recent injection of purified protein derivative on diagnostic tests for tuberculosis in cattle infected with, 217

Native plasmid of *Pasteurella haemolytica* serotype A1: DNA sequence analysis and investigation of its potential as a vector, A, 163
Neuroimmunological studies in steroid-responsive meningitis-arteritis in dogs, 103
Novel method for the administration of metacercariae of *Fasciola hepatica* to adult cattle, A, 290
Numerical tables, Guidelines for the presentation of, 1

Opioid release in ponies during thiopentone/halothane anaesthesia, Pituitary-adrenal activity and, 35
Oral bioavailability and pharmacokinetics of baquiloprim in dwarf goats, 268
Orocaecal transit times assessed by the breath hydrogen test and the sulphasalazine/sulphapyridine method in healthy beagle dogs, A comparison of, 263
Ostertagia leptospicularis and after a challenge infection, Pathophysiological studies of sheep during the build-up of immunity against, 14
Oxfendazole in sheep, Influence of the antithyroid compound methimazole on the plasma disposition of fenbendazole and, 222
Oxytetracycline and their interactions with food in in vitro simulated equine gastrointestinal contents, Stability of penicillin G, ampicillin, amikacin and, 227

Pasteurella haemolytica serotype (A17), Characterisation of a new, 98
Pasteurella haemolytica serotype A1: DNA sequence analysis and investigation of its potential as a vector, A native plasmid of, 163
Pathophysiological studies of sheep during the build-up of immunity against *Ostertagia leptospicularis* and after a challenge infection, 14
Patterns of follicular development during periods of anovulation in pasture-fed dairy cows after calving, 212
Penicillin G, ampicillin, amikacin and oxytetracycline and their interactions with food in in vitro simulated equine gastrointestinal contents, Stability of, 227

Perianal gland tumours, Quantification of nucleolar organiser regions in canine, 277
Peste des petits ruminants virus using a recombinant nucleoprotein, Development of a competitive ELISA for detecting antibodies to the, 50
Pharmacokinetic properties of bromide in dogs after the intravenous and oral administration of single doses, 248
Phenytoin on skeletal muscle from quarter horses with hyperkalaemic periodic paralysis, Effect of, 206
Pituitary and adrenocortical function in sheep: changes in the adrenal gland and cortisol secretion, Effects of *Trypanosoma congolense* on, 174
Pituitary and adrenocortical function in sheep: responses to exogenous corticotrophin-releasing hormone, Effects of *Trypanosoma congolense* on, 180
Pituitary-adrenal activity and opioid release in ponies during thiopentone/halothane anaesthesia, 35
Platelet aggregation and platelet counts from stored canine whole blood, Investigations of, 190
Possums against bovine tuberculosis, Effectiveness of BCG vaccination in protecting, 90
Pyoderma and hypersensitivity dermatitis in dogs, Tissue immunoglobin G subclasses observed in immune-mediated dermatopathy, deep, 82

Quantification of nucleolar organiser regions in canine perianal gland tumours, 277

Rabbit haemorrhagic disease virus isolates and sequence comparison of the N-terminus of the capsid protein gene by the polymerase chain reaction, Detection of, 128
Reaginic antibody in a cat, Studies on the isolation and characterisation of a, 70
Red-eared sliders (*Trachemys scripta elegans*), Electrocardiography in anaesthetised, 67

Salmonella typhimurium, In vitro studies with lymphocytes from sheep orally inoculated with an aromatic-dependant mutant of, 152
Schistosoma bovis after single or repeated low-level primary infections in goats, Acquired resistance against, 42
Schistosoma bovis, Tissue response of goats to single or repeated low-level doses and to a massive challenge dose of, 56
Serum concentrations of thyroid hormones in calves with a transient or persistent infection with bovine viral diarrhoea virus, 186
Serum troponin T concentrations in two strains of commercial broiler chickens aged one to 56 days, 244
Soyabean meal on resistance to haemonchosis in Hampshire down lambs, Influence of supplementation with dietary, 232
Stability of penicillin G, ampicillin, amikacin and oxytetracycline and their interactions with food in in vitro simulated equine gastrointestinal contents, 227
Staphylococcus aureus to cultured teat, ductal and secretory mammary epithelial cells, Effect of alpha-toxin and capsular exopolysaccharide on the adherence of, 20
Streptococcus zooepidemicus, Immunisation of mares to control endometritis caused by, 75
Studies on the isolation and characterisation of a reaginic antibody in a cat, 70
Sulphasalazine/sulphapyridine method in healthy beagle dogs, A comparison of orocaecal transit times assessed by the breath hydrogen test and the, 263

Taenia saginata cysticerci, Development of a dot-enzyme immunoassay for the detection of circulating antigen in cattle infected with, 99
Thiopentone/halothane anaesthesia, Pituitary-adrenal activity and opioid release in ponies during, 35
Thyroid hormone concentrations in dogs, Acute effects of continuous infusions of human recombinant interleukin-2 on serum, 96
Thyroid hormones in calves with a transient or persistent infection with bovine viral diarrhoea virus, Serum concentrations of, 186
Tissue immunoglobin G subclasses observed in immune-mediated dermatopathy, deep pyoderma and hypersensitivity dermatitis in dogs, 82
Tissue response of goats to single or repeated low-level doses and to a massive challenge dose of *Schistosoma bovis*, 56
Trachemys scripta elegans, Electrocardiography in anaesthetised red-eared sliders, 67
Transport-induced stress in fed and fasted donkeys, 144
Troponin T concentrations in two strains of commercial broiler chickens aged one to 56 days, Serum, 244
Trypanosoma congolense on pituitary and adrenocortical function in sheep: responses to exogenous corticotrophin-releasing hormone, Effects of, 180
Trypanosoma congolense on pituitary and adrenocortical function in sheep: changes in the adrenal gland and cortisol secretion, Effects of, 174
Trypanosoma congolense, Apparent rarity of diminazene-resistant trypanosomes in goats infected with a diminazene-resistant population of, 113
Tuberculosis, Effectiveness of BCG vaccination in protecting possums against bovine, 90
Tuberculosis in cattle infected with *Mycobacterium bovis*, Effect of a recent injection of purified protein derivative on diagnostic tests for, 217

Use of oral and intravenous fat tolerance tests to assess plasma chylomicron clearance in dogs, 256

Viral diarrhoea virus, Serum concentrations of thyroid hormones in calves with a transient or persistent infection with bovine, 186
Virus causing encephalomyelitis in sheep in Spain: a new member of the tick-borne encephalitis group, The, 11
